## Young Children & Computers

Our tutors are trained to maximize your child's computers skills and enjoyment. On an ongoing basis we improve ways to best enhance computer training and learning, while expanding your child's computer experiences. Many children know how to "play" on the computer, but need further tuition to develop their computer skills.

With Get Ahead Learning your children learns to:

- Use proper computer terminology
- Team up with peers
- Explore new peripherals
- Use imagination
- Increase self-esteem
- Show respect for equipment
- Play games & have fun
- Gain nonverbal skills
- Acquire structural knowledge
- Improve long term memory
- Progress in conceptual thinking
- Advance manual dexterity
- Develop problem solving
- Enhance self concept

## Seniors & Computers

Access to computers is important for the social and educational participation of Australians of all ages.

At Get Ahead Learning, we provide a non-threatening and friendly environment to tutor seniors in computers individually, with a partner or in a small group.

Our tutors are also experienced, patient and highly motivated. We provide learning at a pace set by you and your specific information needs.

By mastering the use of computers you can:

- Heighten wellbeing
- Strengthen independence
- Manage finances electronically
- Gain new social contacts
- Plan travel
- Preserve family photo albums
- Pursue special interests

ABS (Australian Bureau of Statistics) 2002 indicated a computer usage of 89% for those aged 18-24 years, 55% for those aged 55-64 years, and 21% for those aged 65 years and over.
